

**Center for Spiritual Living**  
**A People with Missions, A Church of Ministries**

© 2002 moretondouglas@gmail.com

***Expressing our Unique Life-Purpose***

Everyone is born with a life purpose, a qualitative essence which uniquely seeks expression.

***Manifesting our Personal Mission(s)***

Each of us is called to manifest that essence, through their unique gifts and talents, personality and preferences to serve others as a mission.

***Church Assists People Reach Their Spiritual Full-Potential***

A church is a training center to equip and support members manifest their missions as part of each congregant reaching their full-potential: body, mind, & spirit.

***Missions In, Through and By the Church are Ministries***

When these personal missions are conducted through the auspices of the church they become a ministry.

***Everyone is Invited to be in a Ministry***

Everyone is thus eventually called to be in ministry that serves within or through and/or outside the church. We are all invited to be lay-ministers as we are trained to better carry out the dream deep in our heart. Everything done in and through a church is done as part of a Ministry.

***Co-Creating Shared Visions for, in and through the Church***

When we come together with others with compatible missions and congruent visions we co-create an ever more heaven-like-earth.

***What do you love doing that serves others?***

Whom do you "have a heart for?" What is your passion in life that supports others. What are one's natural gifts and one's hard earned talents?

What would you do for others even if we could be paid? What would you do if we were given a 100,000 to start a service project? If you got a grant of a million dollars to start a program or service through the church, what would it be?

***Suggest a Ministry, Join a Ministry, Co-Create a Ministry***

Please look at the Programs and Services Ministries suggested on the reverse side. What's missing? What would you like to see our church doing that is not represented in this chart of teams. What is there that you would like to support with your time, talent and/or resources?

✓ Facilitate creating a Sacred Arts Academy for expression of heavenly artist in us all

✓ Co-create a compassionate Community Service Center for serving those in need ...

✓ Help expand the loving Pastoral Care Center for attending members experiencing life's...

...

***Support Your Spiritual Goals While Taking the Foundation Classes for Lay-ministry.***

Please join our Science of Mind Classes, see flyer "The Spiritual Path"

*Please put your suggestions on the cards at the Vision Display Stand,*

*or get a more detailed description of your ideas to a Board Member 🍷*
