**MISSION OF THE ART AND THE ARTISTS**

**OUR GOALS ARE:**

To receive the visions that embody the inspiring possibilities of life and to create their essences in art forms which express ideas for the future of the planet. The source of Sacred, Visionary, and Transformational/ Mythological Art is in profound insights which we, as artists, celebrate.

This work help other people by creating an atmosphere them to find the opening into their own creative potential. In lifting the veil for a moment to allow new sight and feelings, a clear sense of self is deeply communicated.

With this inspiration, we hope to awaken in every person an artistic awareness and appreciation of aesthetics, color, and light which enlivens and connects.

**MISSION OF THE GUILD**

**THE MISSION OF THE GUILD IS:**

To network individual artists whose work is grounded in transpersonal and visionary imagery and who seek a community of like-mindedness.

To receive emotional and inspirational support, to expand their networking capabilities, and to cooperate in achieving successful outreach and sales to the greater public.

**THE GUILD MEMBERS SEEK:**

To produce art which, in the artist and the viewer, catalyzes an experience of realization and recognition of ones relationship to the pattern of unity and harmonious interaction possible among all aspects of life on the planet.

To create art which allows the viewer to awaken to the artist within themselves through participation in giving meaning to the art product.

### **VISION FOR THE GUILD (IN FIVE YEARS)**

#### **As mission is expressed and goals are realized -**

It creates that members stay in touch with their own vision. The guild and its members are powerfully ongoing. Physical manifestations - Calendars, books, cards, tapes everywhere, stain glass in every home. Prosperous gallery, that is replicable around the world.

It would have, visionary art catalog. It would be a space in which artist can work, show their work, teach their work and see their work. A network that 'knows us' and look forward to whatever we're up to next.
